RE: Professional and Personal Recommendation

Dear Gentlemen:

It affords me a great deal of pleasure to submit my professional and personal recommendation on behalf of the team at Alliance Certified Restoration Services. I have had the opportunity to work with Mr. Burns and Mr. Moore over the last three (3) years while working at the St. Louis Public Schools and have been impressed by their abilities.

Here is what the team at Alliance brings to the table:

- ✓ Leadership – at every level from ownership to supervision in the field
- ✓ Dedication – from the top down to individual laborers working to achieve customer goals
- ✓ Commitment – from labor to equipment and supplies, this firm is prepared for any task
- ✓ Timeliness – you will never have to question the status of your project
- ✓ Integrity – never a concern with Alliance

During the last three (3) years, I have worked hand in hand with ownership, administration, supervisors and laborers at Alliance. Their team is a hard working bunch with a very linear approach to completing projects on time and under budget. I am very proud of our working relationship and will continue to work with their team in future. I recommend others in need of their services do the same.

Sincerely,
Environmental Consultants, LLC
