Re: Letter of Recommendation for Services
To Whom It May Concern:

This letter is intended to share my experience of working with Alliance Certified Restoration and to serve as a recommendation of their restoration services.

St. Louis Public Schools (SLPS) has had the pleasure of working with Alliance Certified Restoration on many renovation projects throughout the entire SLPS district. In 2011, Alliance was awarded an Indefinite Delivery Indefinite Quantity (IDIQ) contract to perform lead and mold remediation as needed for SLPS. Over the course of our partnership, Alliance has performed excellent work. They continuously perform above standards while maintaining a high level of efficiency which ultimately drives down costs for our organization.

As Assistant Superintendent/Building Commissioner at St. Louis Public Schools, I have the opportunity to meet with many contractors. Alliance continues to shine as a premier contractor due to their hard work and outstanding professionalism. Alliance Certified Restoration is a company built upon knowledge. Everyone from the owners to the working staff is very knowledgeable about the intricacies of the restoration/remediation field.

In closing, SLPS is proud to work with Alliance. We will continue to encourage others to partner with this company as they are a cut above the rest in the restoration industry.

Respectfully,

A handwritten signature in blue ink that reads "Roger L. CayCe".

Roger L. CayCe
Assistant Superintendent
Building Commissioner
